Professional Summary

Aspiring Data Analyst and Machine Learning Engineer with strong knowledge of Python, SQL, Power BI, data analysis, and machine learning. Passionate about solving business problems using data and eager to contribute to an organization while continuously learning.

Project

- Credit Card Fraud Detection - Developed a machine learning-based system to identify potentially fraudulent credit card transactions. Performed data preprocessing, data cleaning, and exploratory data analysis (EDA) on transaction data. Handled class imbalance using appropriate sampling techniques.

Selected relevant transaction features and trained classification models for fraud detection.

Used Python libraries including Pandas, NumPy, matplotlib, Seaborn, and Scikit-learn.

- Loan Risk Analysis- Developed a machine learning-based Loan Risk Analysis system to assess borrowers' credit risk and predict the likelihood of loan default.

Performed data cleaning, preprocessing, exploratory data analysis (EDA), and feature engineering on loan applicant data.

- Product recommendations- Developed a Product Recommendation System to recommend relevant products to users based on their preferences and historical interactions.

Implemented recommendation techniques such as **content-based filtering** using product features and user preferences.

- Google data analysis- Performed data cleaning, preprocessing, and exploratory data analysis (EDA) on Google-related datasets using Python, Pandas, and NumPy.

Analyzed data trends, patterns, and relationships to identify key business insights and performance indicators.

Technical Skills

- Data science & Ai
- Statistics
- Machine Learning
- Deep Learning & NLP
- Frame works – Pandas, NumPy, Matplotlib, Seaborn, Plotly
- Platforms- Jupyter Notebook , Visual Studio Code
- Python
- Java
- C , C++
- SQL
- Power BI
- Oracle

Education

- B.Tech, Roland Institute of Technology, Berhampur (2026)
- Diploma in Mechanical Engineering, Sanjay Memorial Institute of Technology (2020)
- Higher Secondary (+2 Science), CHSE Odisha (2018)
- Secondary School (10th), BSE Odisha (2016)

Strength

Ability to learn fast hunger knowledge and excellance, confidence, dedication , sincerity, hard work , skills , team spirit to interact with people to achieve desired and assigned goals.
